

Objective

To provide access into the growth and innovativeness of the global economy and trends in Equity Capital Markets Activity in developed and emerging countries within a disciplined and totally transparent index methodology. The **IPOX Global Composite Index** is a fully value-weighted index that captures the performance of the universe of global IPO and spin-off activity during the past 1000 trading days. Selected index constituent enter the index at the close of the 6th trading day and automatically exit 1000 trading days thereafter. The IPOX Global Composite index serves as the base for the range of IPOX Sub-indices.

Objective

To provide concentrated access into the growth and innovativeness of the Chinese economy within a disciplined and totally transparent index methodology. Based on the IPOX China Composite Index, the **IPOX China 20** has historically captured around 60% of total market cap created through IPO and spin-off activity of companies domiciled in mainland China and trading abroad. The index includes stocks which are freely accessible to foreign investors only.

Objective

To provide access into the growth and innovativeness of the economy and trends in domestic Chinese Equity Capital Markets Activity within a disciplined and totally transparent index methodology. The **IPOX China 30 A-Shares Index** captures the performance of the Top 30 largest and generally most liquid IPOs and spin-offs in domestic China ranked quarterly by market capitalization in the underlying IPOX China Composite A-shares Index. The Index has historically captured around 50% of the total market capitalization in the underlying IPOX China Composite A-shares Index and applies distinct diversification rules. (Float-adjusted) Market Cap is calculated by listed A-shares only. The index is available in USD and CNY.
