

## Objective

To provide access into the growth and innovativeness of the global economy and trends in Equity Capital Markets Activity in developed and emerging countries within a disciplined and totally transparent index methodology. The **IPOX Global Composite Index** is a fully value-weighted index that captures the performance of the universe of global IPO and spin-off activity during the past 1000 trading days. Selected index constituent enter the index at the close of the 6<sup>th</sup> trading day and automatically exit 1000 trading days thereafter. The IPOX Global Composite index serves as the base for the range of IPOX Sub-indices.

## Summary Statistics

## Objective

To provide access into the growth and innovativeness of the economy and trends in domestic Chinese Equity Capital Markets Activity within a disciplined and totally transparent index methodology. The **IPOX China 30 A-Shares Index** captures the performance of the Top 30 largest and generally most liquid IPOs and spin-offs in domestic China ranked quarterly by market capitalization in the underlying IPOX China Composite A-shares Index. The Index has historically captured around 50% of the total market capitalization in the underlying IPOX China Composite A-shares Index and applies distinct diversification rules. (Float-adjusted) Market Cap is calculated by listed A-shares only. The index is available in USD and CNY.
