

Objective

To provide access into the growth and innovativeness of the global economy and trends in Equity Capital Markets Activity in developed countries within a disciplined and totally transparent index methodology. The **IPOX-100 Global Index** captures the performance of the Top 100 largest and generally most liquid IPOs and spin-offs in developed and emerging countries ranked quarterly by market capitalization in the underlying IPOX Global Composite Index. The Index has historically captured around 75% of the total market capitalization in the IPOX Global Composite Index and applies certain diversification rules, such as a 10% capping on the largest constituents and a minimum average daily equity turnover of approximately USD 10 million.
